THE ALL INDIA LOCAL BODIES CONFERENCE, MADRAS

Resolutions passed by the Subjects Committee

Resolution No 1

This Conference accords its full support to the various recommendations made in the Report of the Local Finance Enquiry Committee which has been forwarded by the Government of India to all the State Governments for the implementation of these recommendations This Report is usefully exhaustive and makes important and utilitarian recommendations for allocations of finances to the Local Bodies which are the prvots for the foundation of democratic self-Government, and whose present resources and finances are too inadequate to enable them to be self-sufficient and properly discharge their obligations as civic bodies

This Conference therefore, urges all the State Governments to make immediate steps for the implementation of all the recommendations contained in the aforesaid Report

This conference further requests the Union Government that urgent action should be taken to amend the constitution so as to give effect to the recommendations of the Local Finance Enquiry Committee by deleting the entries relating to items Terminal Tax etc , from the Union List so as to enable the state Government to empower the Local Bodies to levy this tax and thus augment their finances While realising the financial difficulties of the State Governments, this Conference is strongly of the view that unless allocation of revenues for the satisfactory working of the local Bodies is earmarked and actually given to them, the fundamentals of the Local Bodies are not likely to progress

(1) Proposed by Sri A Venkatesiah, Mysore

(2) Seconded by Sri Ram Bihari Saha, Bihar

Resolution No 2

Whereas the five years plan provides for a co-ordinated improvement of several social services, more particularly in the field of water supply, drainage, sanitation, control of malaria, health services for mothers and children, Elementary Education and housing and since these functions are the primary responsibilities of local bodies who already have the necessary organised machinery and are thus best best suited to execute the schemes under the plan which lie within the purview of Local Administration and

Whereas the Local Bodies are in very close touch with the common man without whose energy and unstinted co-operation the five years plan cannot be successfully executed,

This Conference requests all the local bodies to draw a plan in conformity with the five year plan of the Union Government pertaining to the aforesaid subjects within their respective areas and appeals to the Union Government to earmark a moiety of the available funds to the local bodies to enable them to effectively execute their plans, and also calls upon the citizens within the respective local areas to give their whole hearted and active co-operation in the development of their respective areas by a voluntary contribution

(1) Proposed by Sri T Chengalroyan
(2) Seconded by Sri Harshal, Cochin

Resolution No 3

This Conference welcomes the appointment of the Taxation Enquiry Committee by the Government of India with a view to ensure a proper and fair allocation and apportionment of taxes among the Union, the States and the Local Bodies which, at present, is very injidicious and unsatisfactory This Conference is further of the opinion that the Federation of All India Local Authorities, which represents the Local Bodies in India, should have a representation on this Committee

Resolution No. 1

This Conference accords its full support to the various recommendations made in the Report of the Local Finance Enquiry Committee which has been forwarded by the Government of India to all the State Governments for the implementation of these recommendations. This Report is useful, exhaustive and most important and utilitarian recommendations for allocations of finances to the Local Bodies which are the pivots for the formation of democratic self-government, and is whose recent resources and finances are too limited to enable the to be self-sufficient and properly discharge their functions as civic bodies

This Conference therefore, urges all the State Governments to regulate steps for implementation of all the recommendations contained in the aforesaid Report

This conference requests the Union Government that urgent action should be taken to amend the Constitution so as to give effect to the recommendations of the Local Finance Enquiry Committee by deleting the entries relating to Terminal Tax etc., from the Union List so as to enable the State Government to empower the Local Bodies to levy this tax and thus augment their finances. While declaring the Octroi duties of the State Governments, this Conference is strongly of the view that unless allocation of revenues for the satisfactory working of the Local Bodies are earmarked and actually given to them, the fundamentals of the Local Bodies are not likely to progress

(1) Proposed by Sri A. Venkateswara, Gooty

(2) Seconded by Sri Ram Bihari Saha, Bihar

To plant on No. 2

Whereas the five years plan provides for a co-ordinated improvement of several social services, more particularly in the field of water supply, drainage, sanitation, control of malaria, health services for mothers and children, Elementary Education and housing and since these functions are the primary responsibilities of local bodies who already have the necessary organised machinery and are thus best suited to execute the schemes under the plan which lie within the purview of Local Administration and

Whereas the Local Bodies are in very close touch with the common man without whose energy and unstinted co-operation the five years plan cannot be success fully executed,

(1) Proposed by Sri T. Chengalroya Mudaliar, Madras

(2) Seconded by Sri [illegible]

Resolution No 4

Whereas the Government of India has laid down full attainment of free and compulsory primary education to all children of school going age within a period of ten years, and whereas this stupendous task of spreading this compulsory and free education is proving to be too heavy a burden on the slender resources of the Local Bodies, this Conference resolves that the State Governments should meet the full expenditure incurred by the Local authorities in that behalf over an d above the educational cess, if any, collected by the Local Bodies

(1) Proposed by Sri K M Subramaniam
(2) Seconded by Sri P M Doulatram

Resolution No 5

1 This Conference is definitely of the opinion that the waste lands belonging to Government - Civil or Union or State inside the limits of the Local Bodies that remain uncultivated or unused for a period of ten years and above should be automatically transferred to the respective Local Bodies, free of cost, as the Local Bodies find that these lands remain in insanitary condition without the supervision of any body and thereby endanger the health of the people

2 This Conference also helds the view that lands and buildings belonging to Cantonments within the area of the Local Bodies and which lands and buildings have nothing to do with the armed forces should come within the purview of the Local Bodies concerned

3 This Conference has noted with satisfaction and supports the decision of the Cantonments' Committee appointed by the Government of India that certain Cantonment Boards which are contiguously situated to the adjoining municipalities be either amalgamated with the said municipalities or where the size of such Cantonment Boards is big enough to convert them into a separate municipality

4 This Conference is of the opinion that this decision of the Cantonment Committee should be immediately implemented as the continuation of the Cantonment Board impedesthe general progress of the City

Resolution No 6

This Conference notes with regret the non-formation of the State Local Bodies' Union as directed by the All India Federation of Local Authorities and therefore strongly urges upon them that during the course of the current year they should from themselves into a Union for the purpose of co-ordinating the activity of the State Local Bodies

The Conference expects that the State Local Bodies should intimate the Heads Quarters of the Federation about the implementation of this resolution -

Proposer Sri K N Sreenivasan
Seconder Sri R Siddanna Gowda

Resolution No 7

Whereas the village panchayats are the foundations of our democracy, whereas the constitution of India lays down as one of its directive principles of organising the village panchayats on a proper basis whereas these village panchayats are the local agents and authorities for initiating, implementing and increasing rural amenities under the scope of the five year plan,

This conference is of the strong opinion that in many parts of India these village panchayats are not local bodies in the real sense, with definite statutory authority and existence, and urges upon the Government of India to issue necessary directions to all the State Governments to organise the village panchayats on a real democratic basis, with all the powers, priveleges and functions of an autonomous character within their area, so very necessary for the effective fulfilment of their legitimate duties and functions

Mover Sri Manikkam, Salem, Bhavani
Seconded by Sri C Lakshmiah Setty, Kollegal

Resolution No 8

This Conference resolves to request the various State Government to amend the City and District Municipalities Acts and Local Bodies Acts framed either prior or after the advent of Independence so as to give absolute autonomous powers to Local Bodies in consonance with the present democratic set up

---

I am in receipt of your letter No B11 P R 22/52-53 dated 20th June 1953 I was out of station and on my return here, I got all your previous letters and sent to you a reply vide my letter No 499 dated 9th June 1953 together with a copy of the Report of the Federation, which contains all the information required by you I am surprised that this letter and its enclosure, it seems has not reached you However, I am now enclosing herewith again a copy of the aforesaid Report which will give you all the required information

I am state again that recently, another Institution bearing a somewhat similar name to ours, has been started at Bomaby, but it has nothing to do with us Our Federation has been in existence for about ten years and has been striving for the development of Local Self - Government and for the improvement in the conditions of the Local Bodies in the Country It is the real representative Organisation for all the Local Bodies All the previous All India Local Bodies Conferences have been held under its auspices and due to its efforts alone The appointment of the Local Finance Enquiry Committee by the Government of India was also due its efforts and this Federation is still pursuing with the - Governments for the implementation of the recommendations made in the Report of that Committee

I trust the above will make the position clear, and your Corporation will have no hesitation to be come a member of the Federation immediately

I am also add that your name has been suggested for the Executive Committee of the Federation and it is also therefore necessary that your Body should become out member immediately

Rs	268/9/	Total net Expenditure during the first year
Rs	937/1/	Total net Expenditure during the second year
Rs	1 205/10/	Total Expenditure
Rs	5 539/6/	Balance on 1-4 1953

A duly audited Statement of Accounts showing the details and the Auditor s Report are annexed

This position is not very encouraging The growth and utility of every institution depends upon the soundness of its finances Unless and until the finances of our Federation are placed on a sound footing it will be unable to formulate and effectively carry but any schemes or deal with vital matters with any tangible results It is therefore up to the local bodies in the Country for whom this Federation exists and caters to make it strong sound and effective

Important Matters

he following important matters were dealt with by the Executive Committee during the period under report

(1) The old Constitution of the Federation which needed a revision, was thoroughly discussed and revised A further revised Draft is prepared and submitted herewith for adoption

(2) Copies of the various resolutions passed in the Delhi conference were sent to all the State Governments but we have not received any reply from them

(3) For administrative convenience the Office of the Federation has been shifted to Indore and is managed by the General Secretary Shri V V Sarwate The President also has his Office at Bombay Most of the office work is being done honorary There is an immediate necessity of engaging a whole time clerk & a steno typist without which the Office cannot function efficiently This is all due to paucity of our funds

It may also be gratefully mentioned here that the Indore City Municipality has since been supplying free stationery for the work of the Federation and is also rendering free help in typing & cyclostyling work etc We express our sincere thanks to the Indore City Municipality for this substantial help and co-operation

(4) The Committee considered the Report of the Local Finance Enquiry Committee appointed by the Government of India and passed a resolution strongly supporting the recommendations made therein The Committee further intended to wait in Deputation upon the Hon'ble the Prime Minister & other Ministers of the Government of India to stress upon them the urgency of implementing those recommendations But our attempts were not succes ful as we were replied to the effect that since the Local Self Government was a State subject the Report had been sent to all the State Governments for the Implementation of such of the various recommendations as they may consider feasible The Committee thereupon passed other resolutions in this important matter and forwarded them to the Government of India Copies of all the aforesaid resolutions are attached as annexures to this Report and speak for themselves All the State Governments have also been requested to expedite their decision in this important matter

(5) The importance and necessity of establishing Provincial Union of local bodies in each State has persistently been stressed by the Committee But it has met with very little response Only a very few States have their Provincial Unions among which special mention may be made of the All Assam Federation of Local Bodies which is doing very useful work and has requested all local bodies in the State to become members of our Federation

Unless and until such Unions are established through local efforts and affiliated to the Federation the working of the Federation and its member bodies cannot be efficiently co-ordinated, nor their problems be properly dealt with The local bodies in the Country in general and the members of the Federation in particular are therefore urged to achieve this object

(6) The amount of the Delegation Fees of the last Delhi Conference which legitimately belongs to the Federation has not yet been paid to the Federation by the Reception Committee of that Conference Persistent efforts were made to settle this matter involving considerable amount amicably but have not met with any success so far The Committee felt it desirable to place the whole matter before the next Conference for its consideration and directions as to further steps if any to be taken for the realisation of this amount

(7) The President Shri R K Sidhwa was invited to preside over the All Assam Local Bodies Conference and while there took the opportunity to meet and have important talks & discussions with the Ministers and other prominent persons in Assam and Bengal with a view to gain recognition to the Federation and establishment of Provincial Unions and affiliations of local bodies to the Federation

(8) It may not be out of place to mention here that the Municipal Corporation Bombay and the District Board Bareilly had kindly made very nice arrangements for taking over the members of the Executive Committee when it met there on a round of visits to important places of works carried on there The visits were quite interesting and instructive We express our sincere thanks to them both.

(9) The Executive Committee Places on record its deep and sincere appreciation of the keen interest taken by Shri R K Sidhwa President Shri V V Sarwate General Secretary and their untiring efforts in carrying on the work of the Federation very creditably The Committee feels confident that the Federation has a bright future under the able leadership and guidance of Shri R K Sidhwa

This in short is what we have been able to achieve within our limited resources It is not very gratifying But it is up to all the local bodies in our Country to unite together under the banner of our Federation and pool our efforts in the common cause of the growth and development of Local Self Government and to augment and build up our Federation on a sound permanent foundation by affiliating to it as its members and rapidly develop it into an ideal Centre in the Country for all matters partaining to Local Self Government
